## RAK Business Square opens its first business center in Ras Al Khaimah

RAK Business Square has opened its first fully furnished and equipped business center in RAK. Located on the 12th floor of Rakia Amenity Center, Tower Number 1, the 10,000-square-foot facility provides the perfect office solution for everyone from individuals and start-ups to large corporations-eliminating up-front capital expenditures for technology, furnishing, and staffing while also greatly reducing the ongoing expenses faced by conventional office environments.

The business center is conveniently located within ten minutes of downtown RAK and just 45 minutes from Dubai (Emirates Road to Exit 119).

For companies in search of a permanent, cost-effective presence within the UAE, RBS features 30 furnished Executive Offices (in sizes ranging from 10 to 30 square meters), 45 workstations, three conference rooms, and one boardroom-each equipped with state-of-art technology.

Other facilities include:

- \* On-site receptionists to greet clients, answer calls in the company's business name, and provide administrative support.
- \* A fully furnished reception area.
- \* A first-class business lounge with comfortable seating, a full-service refreshment bar, international newspapers and business periodicals, a plasma TV, and wireless connectivity so clients can remain productive while on the road or between meetings.

Another key product offered by RBS Business Center is our exclusive Virtual Office. Available in a variety of packages, Virtual Office allows businesses to gain an instant presence in the UAE-including a prestigious, high-profile corporate address, a local telephone-answering system, mail-handling services, and access to office space and meeting rooms.

Mr. Shahab Izadpanah, CEO of RAK Business Square, says:

*'Our main objective is to provide our clients with flexible, cost-effective, turn-key workplace solutions that suit their business needs and allow them to establish a presence in this fast-growing market. RBS Business Center clients can downsize or upgrade their offices as-needed to fit their unique requirements-while also*

*avoiding the prohibitive costs of conventional long-term leases.'*
